Announcements:

There is an issue with CAW not saving checked radio buttons (neither YES nor NO) for “Does this program include any new courses?”

CORRECTION from Agenda: The program change proposals submitted by GGP required the radio button to be checked YES. However, the CAW system did not save in these browsers: Chrome, Firefox, and Safari.

The course change proposals from GGP and MTH did not include any new courses, but as stated above, CAW did not save the radio button checked NO.
